A Better Way to Mow

WHY PROPANE?

- **High Octane**
105 octane and low carbon content
- **Non-Toxic**
Not an air, soil or water contaminant
- **EPA Certified Alternative Fuel**
Win more contracts
- **Less Maintenance**
Oil stays cleaner, longer
- **Longer Engine Life**
Virtually no carbon buildup and no carbon abrasion inside the engine
- **Non Ethanol Issues**
Propane is non corrosive and stable during storage - it does not degrade
- **EPA & CARB Certified**
Propane Systems Available
- **Factory-Equipped Propane Mowers Available**
- **Easy Conversion**
Easily convert existing gasoline mowers
- **Incentives & Rebates Available**

WHY McCRAW?

- **In-House Conversion Center**
We don't just sell propane - we give full support after the sale
- **Fully Licensed and Certified Technicians**
- **Expert Training**
Safety, refueling, maintenance
- **Electronic Fuel Level Monitoring**
Cylinders, cages and onsite refueling dispensers available
- **Incentive Assistance**
We will help you apply for available rebates and incentives
- **Multiple Delivery Options**
- **On-Site Demos**
Propane vehicle and propane mower demonstrations at your location
